SPANJAARD

BATTERY
TERMINAL
PROTECTOR

- BLUE -
- AZUL -

Protects terminals
and all metal surfaces against corrosion.

- Gives a hard, transparent coating.
- Suitable for home, car and industrial use.

Available in 200ml aerosol in clear, red or blue colour.

SPANJAARD

CONTACT CLEANER

INDUSTRIAL GRADE ELECTRICAL CONTACT AND
MECHANICAL COMPONENT CLEANER

Versão Industrial Para Limpeza de Contatos
Eléctricos e Componentes Mecânicos

Nettoyant Industriel
Électriques et Composants Mécaniques

Quickly dissolves oil and grease,
and removes dust and grime from
electrical contacts and mechanical components.

- For industrial strength cleaning of electrical switches and controls, electric motors and coils.
- It evaporates, allowing minimum downtime on electrical equipment.

Available in 400ml aerosol.

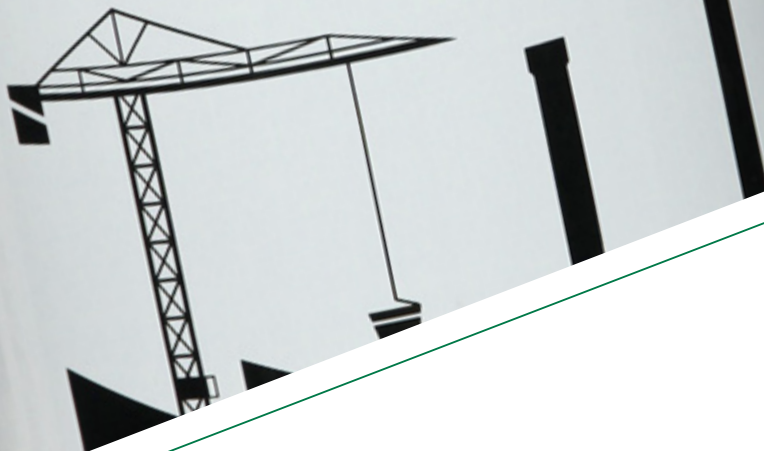

CONTACT CLEANER

SPANJAARD

ELECTRIC MOTOR CLEANER

SPANJAARD
Daar waar
www.
15

High flash point safety solvent
specially developed for removing deposits
normally found in electric motor windings.

- Quickly dissolves oil and grease, as well as removes dust and grime from electrical and mechanical components.
- Quickly evaporates, allowing minimum down-time on electrical equipment maintenance.

Available in 5 litre tin and 20 litre drum,
as well as bulk packs.

SPANJAARD

**ELECTRICAL CONTACT
LUBRICANT 1010**

**Lubricant for heavy duty switchgear.
Does not increase electrical resistance during
use and prolongs contact life.**

- Good lubricating properties, even with heavy wiping contacts.
- Prevents tracking, shorting out and eliminates arcing.
- Does not carbonise or form harmful deposits and assists in removing previous deposits.
- Does not attack metals, plastics, rubbers, paint or lacquers.

Available in 500g tin and bulk packs.

ELECTRICAL CONTACT LUBRICANT 1010

SPANJAARD

ELECTRICAL INSULATING VARNISH

MOISTURE & OIL RESISTANT

RESISTANT

Red coloured, moisture and oil resistant varnish which has excellent insulating properties for use in a variety of industrial applications.

- For use on all electrical windings, coils and motor frames.
- Protects against arcing from controller shafts, switch bases and other electrical equipment.
- Used as a sealant for pipes, gaskets, etc.

Available in 350ml aerosol.

ELECTRONIC CONTACT CLEANER

LIMPEZA de CONTACTOS
ELECTRONICOS

LIMPEZA de CONTACTOS
ELECTRONICOS

LIMPEZA de CONTACTOS
ELECTRONICOS

High quality precision contact cleaner which dissolves and flushes away contaminants from electronic / electrical components.

- Degreases and evaporates rapidly and completely, leaving no residue.
- Does not attack metals, plastics, rubbers, paint or lacquers.
- Reduces costs as components can be cleaned in situ without dismantling and eliminates damage due to hand cleaning.
- Also available in a non-flammable version for fire hazard or explosive conditions.

Available in 200ml, 400ml (standard) & 430g (non-flammable) aerosols, 5 litre tin and bulk packs.

 **SPANJAARD**

**LUBRICATING
SWITCH
CLEANER**

CLEANS AND LUBRICATES
**LIMPA E LUBRIFICA
CONTACTOS ELÉCTRICOS**

Effective cleaner for switchgear, relays, brushes, circuit breakers, rheostats and switch contacts of all types.

- Washes away dirt, grease and other contaminants.
- Evaporates quickly, leaving a protective lubricating film, restoring the contact and preventing corrosion
- Increases contact area, reduces resistance and prevents arcing.

Available in 200ml & 400ml aerosols.

LUBRICATING SWITCH CLEANER

SPANJAARD

SILICONE PASTE

CAR • HOME • INDUSTRY • SPORT

**PURE NON-DRYING
SILICONE LUBRICANT**

Non-conductive, water resistant,
colourless, non-staining.

NSF H1 Approved

**LUBRIFICANTE
DE SILICONE PURO
(NÃO SECA)**

Não condutor, resistente à água,
incoler, não mancha.

Aprovado pela NSF H1

High temperature, high quality silicone paste which is resistant to water and corrosive conditions. Suitable for wide temperature range operating conditions -40°C to $+200^{\circ}\text{C}$.

- Seals electrical equipment against the ingress of moisture, preventing electrical leakage and short circuiting.
- Excellent lubrication for plastic gears and mechanisms, electric cables drawn through conduit and rubber components.
- NSF Registered for incidental food contact - Category H1.

Available in 100g tube, 5kg tin and bulk packs.

spark®

WATER DISPLACING, ANTI-CORROSIVE, PENETRATING
AND LUBRICATING OIL
DISPERSANTE DE ÁGUA, ANTI-CORROSIVO,
PENETRANTE E ÓLEO LUBRIFICANTE

Multi-purpose lubricant which is a water and moisture displacer, cleans and protects against corrosion, lubricates and is an effective penetrating and release agent.

- Dielectric strength of up to 38 000 volts.
- 360° valve technology allows spraying at all angles including upside down.
- Contains no silicone.
- Non-flammable version for use where explosive or fire hazard conditions exist.
- Provides a protective film which guards against corrosion on both mechanical and electrical equipment.

Available in 150ml, 300ml (standard), 500g (non-flammable) aerosols and bulk packs.

SPARK - Standard & Non-Flammable

UNIVERSAL METAL PROTECTOR

PROTECTOR DE
METALES
PROTEÇÃO DE

UNIVERSAL METAL PRO-
TECTOR
Invisible, corrosion protective,
transparent, dry film.
Protects metal surfaces, e.g.
iron, copper and silver,
against tarnish. For home, car
and industry.
DIRECTIONS:
Remove rust or tarnish. Shake
can before use. Spray 20cm
from surface. Invert can after
use and spray till nozzle is
empty. Coating removable by
abrasive remover.

PROTEÇÃO DE METAIS
Invisível, protege da corrosão
transparente, película seca.
Protege as superfícies de

PROTECTOR DE METALES
Película seca, invisible, protec-
tora de la corrosión y transpa-
rente.
Protege las superficies de
metal, por ejemplo: hierro,
cobre y plata, contra el deslustre
y el desmoronamiento. Para uso doméstico y
automóvil y la industria en
general.
INSTRUCCIONES: Quitar el
óxido o el deslustre. Agitar la
lata antes de usarla. Rociar
desde 20 cm.

Clear drying, anti-corrosive film for PC boards
and all metal surfaces.

- Suitable for coating PC boards in computers and electronic equipment.
- Used as an insulating varnish on low KV coils.
- Protects battery terminals and cradle.
- The protective film protects and seals buzz-bars and electrical equipment.

Available in 300ml aerosol.
